INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Members Sector 2A at Snohomish Cascade Association Snohomish, Washington

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Sector 2A at Snohomish Cascade Association, which comprise the balance sheet as of December 31, 2021, and the related statements of revenues and expenses, changes in fund balances and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sector 2A at Snohomish Cascade Association as of December 31, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of Sector 2A at Snohomish Cascade Association and to meet other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sector 2A at Snohomish Cascade Association to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibility for The Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for

one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sector 2A at Snohomish Cascade's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sector 2A at Snohomish Cascade's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Disclaimer of Opinion on Required Supplementary Information

Mc Goarty Eisenman Inc PS

Accounting principles generally accepted in the United States of America require that the information on future major repairs and replacements on pages 11 - 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NOTE 1: NATURE OF ORGANIZATION

Sector 2A at Snohomish Cascade Association (the Association) was incorporated July 1, 1997, in the State of Washington. The Association was initially named Gold Creek Sector 2A at Snohomish Cascade Association but was later changed to avoid confusion with a similarly named association. The Association is responsible for the operation and maintenance of the common property within the development. The development consists of 247 residential units in Snohomish, Washington.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Association considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Member Assessments

Association members are subject to yearly assessments to provide funds for the Association's operating expense, future capital acquisition, and major repairs and replacements. Assessments receivable at the balance sheet date represent assessments, fines and penalties due from homeowners. Assessments are due annually on January 1st, and interest is charged on past due balances after 60 days. The Association's policy is to retain legal counsel and place liens on the properties of homeowners whose assessments are in arrears. Excess assessments at year-end are retained by the Association for use in future years or transferred to the replacement fund. At December 31, 2021, accounts receivable of \$3,630 were aged past 60 days and has been fully reserved for in an allowance for uncollectible accounts. The performance obligation related to dues and fees is completely satisfied within the fiscal year, and any dues and fees collected prior to the year in which they apply are deferred and recognized over the periods to which they relate.

Interest Income

Interest income is allocated to the operating and replacement funds in proportion to the interest-bearing deposits of each fund.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Accounting

The Association's governing documents provide certain guidelines for governing its financial activities. To ensure observance of limitations and restrictions on the use of financial resources, the Association maintains its accounts using fund accounting. Financial resources are classified for accounting and reporting purposes in the following funds established according to their nature and purpose.

<u>Operating Fund</u>: This fund is used to account for the financial resources available for the general operations of the Association.

<u>Replacement Fund</u>: This fund is used to accumulate financial resources designated for future major repairs and replacements.

Income Taxes

Homeowner associations may be taxed either as a homeowner association or as a regular corporation. For the year ended December 31, 2021, the Association was taxed as a homeowner association and filed Form 1120H. As a homeowner association, membership income is exempt from taxation, and the Association is taxed only on its non-membership income, such as interest earnings.

The Association's tax filings are subject to audit by various taxing authorities. The Association's federal income tax returns are subject to examination by the Internal Revenue Service, generally three years after they were filed.

Property and Equipment

Real property and common areas acquired from the developer and related improvements to such property are not recorded in the Association's financial statements because those properties are owned by the individual homeowners in common and not by the Association.

At December 31, 2021, property not capitalized by the Association consists of land, a ball field, play equipment, detention ponds, sidewalks, access roads, fences, landscaped areas and other miscellaneous items. Maintenance, repairs, replacements, improvements and otherwise management of the common areas are the responsibility of the Association.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit and Market Risk

The Association has one main source of revenue which consists of membership dues from the homeowners. Assessments may be secured by a lien on members' houses.

The Association is located in Snohomish, Washington and is dependent upon the local economy. In March 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a Public Health Emergency of International Concern. The outbreak of COVID-19 has caused business disruptions to local, domestic and global economies.

NOTE 3: FUTURE MAJOR REPAIRS AND REPLACEMENTS

The Association's governing documents require funds to be accumulated for future major repairs and replacements. Accumulated funds, which aggregate approximately \$11,000 at December 31, 2021, are accounted for as a separate fund and are not generally available for operating purposes.

The Association's Board of Directors conducted a study in 2021 to estimate the remaining useful lives and the replacement costs of the common property components. The estimates were obtained by an independent contractor. The table included in the unaudited Supplementary Information on Future Repairs and Replacements is based on that study.

The Association is funding major repairs and replacements of common property components over the estimated useful lives of the components based on the study's estimates of replacement costs, considering amounts previously accumulated in the replacement fund. Actual expenditures, however, may vary from estimated future expenditures, and the variations may be material.

NOTE 3: FUTURE MAJOR REPAIRS AND REPLACEMENTS (continued)

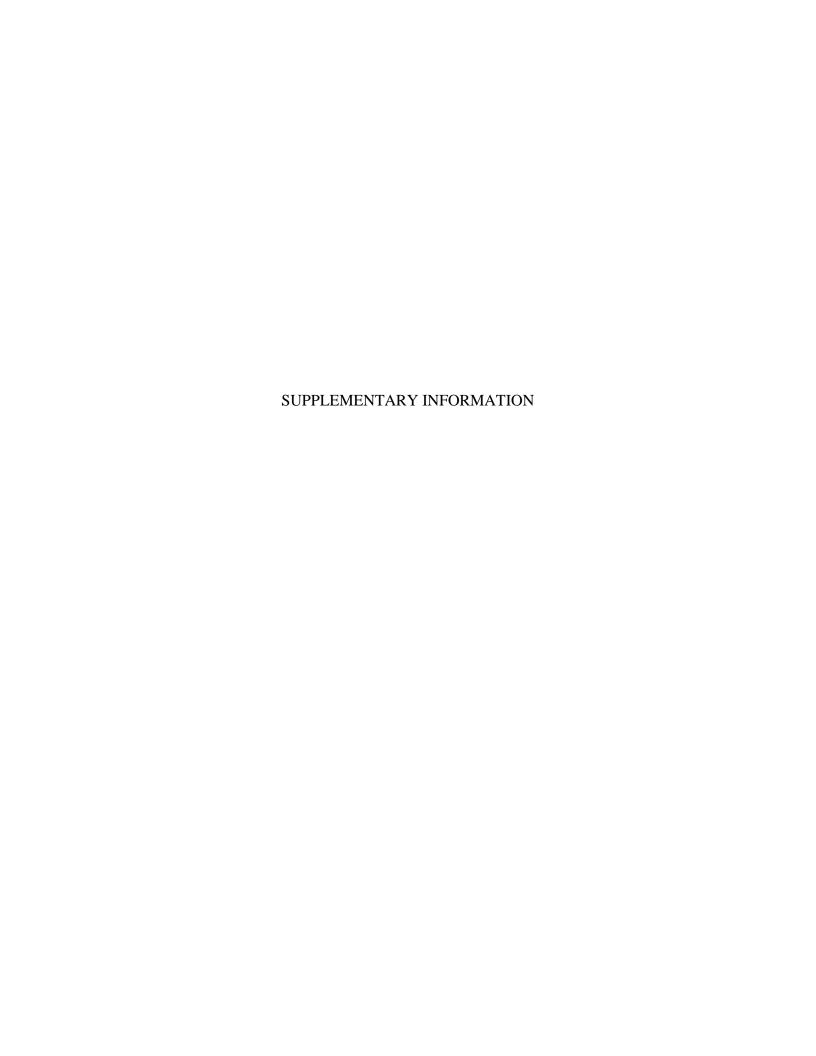

Therefore, amounts accumulated in the replacements fund may not be adequate to meet all future needs for major repairs and replacements. If additional funds are needed, however, the Association has the right, subject to membership approval, to increase regular assessments, pass special assessments, or delay major repairs and replacements until funds are available.

NOTE 4: RELATED PARTY TRANSACTIONS

The Association is managed by the board of directors which consists of uncompensated volunteer homeowner members of the Association.

NOTE 5: SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 22, 2022, the date on which the financial statements were available for issue.

SECTOR 2A AT SNOHOMISH CASCADE ASSOCIATION SUPPLEMENTARY INFORMATION ON FUTURE REPAIRS AND REPLACEMENTS (UNAUDITED) DECEMBER 31, 2021

The Association's Board of Directors conducted a study in 2021 to estimate the remaining useful lives and the replacement costs of the components of the common property. The estimates were obtained by an independent contractor who inspected the property. Replacement costs were based on the estimated costs to repair or replace the common property components at the date of the study. Estimated current replacement costs have not been revised since that date and do not take into account the effects of inflation between the date of the study and the date that the components will require repair or replacement.

The following information is based on the study and presents significant information about the components of common property.

	Estimated	
	Remaining	Estimated
	Useful Life	Current
	(Years) as of	Replacement
